Promotes healthy skin, hair and nails & helps to strengthen bone density! Healthy from inside out!

LifeDrip Intravenous Nutrition Therapy Benefits

BETTER THAN ORAL VITAMINS

Absorption 100%, more than 1 in 3 people take daily supplements and we know they are certainly beneficial, however, few people realise that when you ingest vitamins by mouth, only 15% of the active nutrients may eventually find their way into your bloodstream. With Intravenous Nutrition the nutrients enter your bloodstream directly and immediately to help the body to begin healing itself. You get much higher concentrations of nutrients delivered directly to your body's cells through intravenous therapy, thus allowing your body to better absorb and utilise these nutrients.

SCIENTIFICALLY PROVEN

All of LifeDrip protocols have been thoroughly researched and developed by a team of leading Medical doctors, Naturopathic, Ayurvedic, Homeopathic, and TCM. By practicing this type of "evidence-based medicine" we can tailor our IV infusions to ensure maximum effectiveness combined with minimal side effects.

SAFETY

The substances used in IVNT are Vitamins, Minerals, Antioxidants, and Amino Acids are classified as "Essential Nutrients" – aptly named as they are 'essential' for life. Essential Nutrients however are nutrients that the body cannot synthesize on its own and therefore traditionally, they were obtained from food we eat. In modern times, however, our over-cropped soil, genetically modified and over processed foods mean that many of us are severely deficient in these Essential Nutrients. By replacing our levels, under the expert advise of one of our healthcare physicians, your body can be restored to its peak fitness and maximum energy performance.

FAST & EFFECTIVE

Our IV Vitamins Infusions take 45-60mins. Many patients begin to feel the effects during the IV therapy, which then continues over the following hours and days. Soon you will be feeling refreshed, re-energised, revitalised.

Skin Lightening LifeDrip

Our intravenous treatment helps to lighten your skin naturally, safely, evenly and in a healthy way. It also helps skin to recover from sun damage, combat skin from ageing & restore youthful radiance. Brighter overall complexion!

Athlete Sport Support LifeDrip

Works in two key ways: Firstly it improves performance by strengthening the body muscles, topping up levels of minerals & vitamins that can be depleted by strenuous exercise. Secondly it provides essential nutrients to reduce fatigue which will help shorten the time to bounce back to your energy level.

Athlete Sport Recovery LifeDrip

Exercise generates lactic acid build up in your muscles and depletes your body's hydration! Besides restoring hydration, Our Athlete Sport Recovery IV Drip delivers minerals, antioxidants & electrolytes to detoxify your body & reenergize you after your regular exercise & sets you completely ready for the next.

Athlete Sport Booster LifeDrip

Are you competing at a high level sport or just committed to a regular exercise? Our Athlete Sport Booster LifeDrip delivers key energy production vitamins & minerals that helps boost your performance, improves stamina & maintains your immune system. Powering you for the peak performance!

Pre/Post Surgery LifeDrip

Beneficial for surgical preparation and recovery. Our LifeDrip is packed with vital nutrients to aid speedy recovery by keeping your energy levels & immune system boosted. Helps fight the infection! Nutrients to aid in tissue & wound healing are administered before & after surgical procedures to improve the recovery process.

Diabetic Support LifeDrip

An antioxidant based therapy combined with glucose control will give patients more of an advantage and lessen the chance of complications with diabetes. Our Diabetic Support IV drip improves glucose metabolism, improve neuropathy & vascular diseases associated with diabetes! Excellent for diabetic patients and patients with high risk of diabetes!

Research shows that 90% of people are nutrient deficient, and 50% of those people are already taking oral multivitamin!
